## ARREST OF A SUSPECT.

Officer Rawlett yesterday arrested a youth named Lee Drowns on suspicion of breaking and entering the tool house in the Presbyterian cemetery. The house, it will be remembered, was destroyed by fire last Friday night. A pair of overalls and a jumper belonging to a man employed in the cemetery were found in the lane next morning. Drowns and another youth named Cook were subsequently arrested on suspicion of stealing chickens from the premises of W. M. Priest, but in the absence of evidence they were dismissed. Drowns, after he had been taken in custody, was searched and a brass disk was found on his person. This implement led to his arrest on suspicion of breaking and entering the tool house. The disk, which is more an object of curiosity than utility, was owned by a resident of this city and it had been used in the house as an ornament. One of his children had been using it as a plaything, and, accompanied by his mother, recently carried it to the cemetery where the child lost it in the grass. It was later found by one of the men employed in the cemetery. He placed it in the tool house while awaiting the appearance of the owner, and it was there on the night the structure was destroyed by fire. It is now incumbent upon Drowns to explain how the implement got in his possession. The case will have been investigated in the Police Court this morning, but, in the absence of certain witnesses, it was continued.

## STEAMER CAPTAINS SUSPENDED

Captain Kendrick, of the ferry at Amer. Lacharons, and Captain Phillips, of the steamer Washington, both belonging to the Norfolk and Washington Steamboat Company, which collided November 3 in the Potomac, killing one man, and injuring other passengers, were suspended yesterday for 30 and 30 days, respectively, by the United States local inspectors of steam vessels. The hearing developed the fact that at the time of the collision, which occurred between Alexandria and Washington, a thick fog, coming in heavy banks, prevailed, and it was in one of these tanks that the steamers came together. The inspectors decided that both captains had not used proper precautions. Capt. Phillips, of the steamer Washington, received notice of his suspension this morning. The notice says: "You are not guilty of unskillfulness as per charge 1, also that you are not guilty of violation of rule 4 of the pilot rules as per charge No. 2, but we do find you guilty of violating rule 15 of the pilot rules as per charge No. 3 for which we do, by authority contained in section 4450, U. S. Revised Statutes, suspend your master's and pilot's license, for a period of 30 days from November 25.

## ON VERGE OF STARVATION.

In a city of 15,000 inhabitants and in a room at the Bradock House, a building in which there are at least 150 rooms, many of which are occupied, and the occupants people who are so busy trying to make bread for themselves that they have no time to give to the misery of others, lies bedridden a woman, the wife of John Willet, a fireman on the tugboat Geo. W. Pride. A visit to that room last night would have caused immediate action by the board of charities, for if there ever was need of a helping hand this family is a good subject. Having been without food for nearly a week this woman lay on the bed with her young baby almost dead from weakness and her little girl just a year or two older, all housed in a room without fire or other comfort. Suffering as she was and facing starvation yet she opened not her mouth to the inhabitants of this large building. Fortunately some one thought something was going wrong and ventured in the room. The woman was nearly dead. Dr. German was sent for and did all in his power to aid her, pronouncing her illness due to lack of food and nourishment and extreme nervousness, caused by her being deserted by the man who had promised to cherish and protect her. It is understood that a warrant has been issued for the recent husband.

## FOOTBALL.

At Front Point yesterday Eastern College outclassed in every way Alexandria Athletic Club, of Alexandria, defeating them 45 to 0.

A most exciting game of football was played yesterday afternoon on the Outlepper grounds between the teams of Outlepper and Warren. The game ended with a score of 17 to 15 in favor of Outlepper.

Frederickburg College and Department of Agriculture, from Washington, played a very exciting game at Frederickburg yesterday, resulting in a score of 5 to 5.

By a score of 31 to 0 the University of Virginia at Richmond, yesterday, defeated the University of North Carolina in a game devoid of fractures.

In a game at Washington yesterday Bucknell and George Washington played to a 5-to-5 tie.

The eleven of the Agricultural and Mechanical College of North Carolina and Virginia Polytechnic Institute met at Norfolk, yesterday afternoon, A. and M. winning the game in a sensational finish by 6 to 5.

## MASONIC.

The officers and a number of members of Frederickburg Lodge of Masons, O. R. Howard, Master, and P. K. Bauman, G and Senior Deacon, paid a fraternal visit to Alexandria-Washington Lodge last night and conferred the Master Mason's degree upon a candidate. A large number of the Masons of the city were in attendance. After the work the visitors were entertained at the Elkton.

LYNNHAVENS on half shell. BROILED on toasts and CHARTER DISHES. Brills, Celebrated Sir's Fried at the OPERA HOUSE CAFE.

## THE PROSPEROUS MERCHANT.

The merchant who succeeds in business is the one who keeps the public constantly informed as to what he has to sell and what he charges for it. It has often been said that few people would leave this city to buy goods if the merchants would attend to this matter. There is no better medium through which to reach all classes of people than the Gazette, which is largely circulated in this city and surrounding country. The holiday season is fast approaching and the residents of the palace and of the hotel alike need and must purchase necessities. The Gazette reaches all classes, and is invaluable as an advertising medium. Keep the people informed through its columns and you will see a remarkable increase in your receipts. A perusal of its columns will show to you the merchants who believe in the efficiency of advertising.

## OPERA HOUSE.

As heretofore advertised, the drawing for the gold-handle umbrella will take place in the Opera House tonight at 8:30 o'clock and the lucky number announced. But owing to the enormous number of coupons issued, the management realizes that it will be impossible to have all holders of same present at that time. In the event of the lucky person not being present when the number is announced, the management reserves the right to withhold presentation until the final show. If at that time the lucky person is not in the hall the lucky one will be published in the Gazette. The patron holding same will have three days in which to claim the present. The above is the only fair method, owing to the limited seating capacity of the Opera House.

## DEATHS.

William Lewis, colored, charged with assaulting Rebecca Lewis, was fined \$2.50. Lee Drowns, suspected of breaking and entering the tool house in the Presbyterian cemetery, had his case continued.

## OPEN SESSION.

There was a well-attended and interesting meeting of Alexandria Council, No. 33, Junior Order United Americans in Sarcophagi Hall last night. At the close of business an open session was held at which Rev. W. F. Watson, pastor of the Baptist Church, delivered an interesting address on "Patriotism." He held the audience with close attention and at the close of his address was the recipient of numerous congratulations. The meeting last evening was a success and the membership feel that there will be lasting results.

## AMUSEMENTS.

It is a pleasure to speak of entertainments which merit the approval of the press, and it becomes the duty of the writer to speak in the highest terms of the motion picture exhibit at the Alexandria Amusement Company's last night. The Norfolk ran aground early Tuesday morning between Fort Foote and Sandy Bar, a short distance below this city. A heavy fog was prevailing at the time.

## LOT DRAWINGS.

At a recent meeting of the George Washington Monument Association held at the Opera House Dr. W. M. Smith presided, and Mr. A. J. Wedderburn was secretary. The meeting agreed to adopt in the allotment of lots practically the same restrictions as those governing section 1 of the property, except that which prevents any business from being conducted in the subdivision. The chairman was authorized to appoint a committee of five to co-operate with the lot owners in section No. 1 and with the managers of the association. Messrs. E. J. Fleming and W. E. Jacobsen were appointed tellers to conduct the drawing and 84 lots were drawn and allotted, each purchaser being granted the privilege of taking an adjoining lot to the one drawn, within a week's time to decide. Twenty lots have been sold since the lot drawing, leaving a very small proportion of the tract to be disposed of.
